Personal statement

As a passionate WordPress developer, I bring a dynamic blend of creativity and technical expertise to every project. With a proven track record of delivering high-quality, bespoke WordPress solutions, I thrive in fast-paced environments where innovation is key. My skill set includes proficient knowledge of HTML, CSS, JavaScript, and PHP, enabling me to develop custom themes and functionalities that exceed client expectations. Whether collaborating with teams or working independently, I am committed to delivering seamless user experiences and pixel-perfect designs that elevate brands and drive engagement.

Work Experience

Junior Web Developer, THE ACCOUNTANCY FRANCHISE
06/2023 - Present
Responsibilities & Achievements
- Revitalised website dynamics by harnessing the power of WordPress, CSS, and HTML, resulting in an enriched user experience and peak site performance. The transformation not only captured user engagement but also set new benchmarks for operational excellence.
- Led seamless integration of CRM systems with company websites, elevating user interaction and ensuring flawless data synchronisation. This initiative resulted in a streamlined user experience and enhanced data accuracy, contributing to improved customer satisfaction and operational efficiency.
- Deliver expert technical support, actively guiding end-users in the efficient operation of equipment, and leveraging expertise to optimize workflow through seamless system integration using APIs.

FULL STACK WEB DEVELOPER, Sagit S.a.s Consulting Davide Sciarpa
06/2018 - 07/2018
Responsibilities & Achievements
- Pioneered operational smoothness, expertly installing, and configuring operating systems on machines to optimise hardware functionality and boost overall efficiency.
- Catalysed technological innovation, sculpting user-friendly interfaces and propelling functionality forward with finesse in HTML, CSS, and jQuery during the internship.

ICT TECHNICIAN, EUCENTRE
06/2017 - 08/2017
Responsibilities & Achievements
- Delivered prompt first-line technical support to clients, consistently meeting agreed-upon timescales with a focus on swift and effective issue resolution.
- Navigated and resolved diverse incidents encompassing hardware, networks, and software faults, showcasing adept troubleshooting skills, and ensuring seamless functionality.
